How can Short-term Income Protection Benefits help you?

If you need to take time away from work to recover from an injury or serious illness, the last thing you want to worry about is how your bills will get paid. Short-term Income Protection Benefits are designed to offer financial support, and peace of mind, until you're back earning that paycheck again.

While health insurance can help cover medical costs, these benefits can help by supplementing your paycheck while you're out of work. You can use this benefit while you focus on recovery from an illness or medical event, like childbirth, a broken bone or surgery.

The cash can be used for everyday expenses, including:

Rent/Mortgage
payments

Childcare

Medical
deductibles

Groceries
