Next: On left side of page click on "Permit Payments". You will be redirected ~~Gov Pay.net~~

Fire Marshal	Guadalupe County Fire Marshal
Fire Marshal - Home	<p>Counties are the first line of response in an emergency — both natural and man-made. Counties are required to maintain an emergency management plan. These regularly updated and rehearsed plans describe when and how residents should be evacuated from an area. They can also include rules for curfews, access to disaster areas, and plans for maintaining county services during a disaster.</p>
