Winners Announced for “I Voted” and “Future Voter” Sticker Design Contest Guadalupe County

GUADALUPE COUNTY, TX—The Guadalupe County Elections Office recently held a presentation during Commissioners Court to announce the winners of the 2025-2026 “I Voted” and “Future Voter” sticker design contests. The contest invited school-age children to submit original artwork to foster a sense of community and excitement around the voting process while encouraging conversations about the importance of voting.

Three designs were chosen as finalists in each category. The first-place winners from each category were recognized in Guadalupe County Commissioners Court on Tuesday, July 15, where their artwork was unveiled. These winning designs will soon be proudly displayed at the Guadalupe County Elections Office. Additionally, all entries will be showcased during the grand opening of the new elections office at 3251 N. State Hwy 123 in Seguin, which is expected to take place later this summer.

Open to students aged 18 and under, the contest aimed to engage young artists in the democratic process. The first-place winners received a framed copy of their artwork, and their design will be featured as the official voter stickers during the 2025-2026 election cycles. The second- and third-place winners received certificates, and their artwork and other entries will be shared with the public and displayed in the new election office.

Lisa Hayes, the Election Administrator, expressed her enthusiasm about the first-ever design contest. “Seeing all the creativity and passion these students brought to their designs was exciting. We are thrilled to feature their work on our official voter stickers, as it is a great way to celebrate civic engagement at every age.”
